EMBERTON™

ELECTRICAL APPLIANCES

EMBERTON™

Established 1986

EMBERTON. INVEST FOR YOUR GUEST

"Investing in electrical engineering & technology to improve the safety, reliability & performance of electrical appliances worldwide"
Safety, robustness and reliability are built into all of our professional range of guest room products. Emberton products are a solid investment, adding value to your assets.

With 35 years of history - design, innovation & creativity is our passion and the very heart of Emberton.

Working closely with a panel of experienced hoteliers helps us to understand the trends, habits & behavior of guests, perfecting our product innovations all the way from development to production.

Emberton products are available through a global network of specialist hotel supply distributors, with professional support and service to match the expectation of the Emberton brand.

TOUGH BOARD™ RUGGED & STRONG   **DUAL SAFE™** THERMOFUSE TECHNOLOGY   **FUSION ANTI-LEAK™**   **eco**   **3 YEAR GUARANTEE**

PATENTED

DUAL SAFE™, AN EMBERTON PROPRIETARY ELECTRICAL SAFETY SYSTEM, IS INTEGRATED INTO THE ELECTRICAL CIRCUIT TO DETECT TEMPERATURE

WHAT DOES IT DO?

DUAL SAFE™ prevents electrical appliances catching fire due to overheating.

HOW DOES IT WORK?

DUAL SAFE™ uses an organic, thermo-sensitive material, remarkably sensitive to abnormally high temperatures. Upon sensing critical heat levels, DUAL SAFE™ activates and the electrical current will be interrupted immediately and permanently.

Working independently from and in addition to the thermostat, DUAL SAFE™ system immediately cuts power to an appliance when temperatures reach critical levels.

WHAT DOES IT DO?

In most electrical appliances, the thermostat is the only safety system. Thermostats are very sensitive components and can become faulty or damaged by misuse. If the thermostat fails, it's easy for the appliance to catch fire.

DUAL SAFE™ acts as an additional safety system, preventing risk of an accidental fire when using an EMBERTON DUAL SAFE™ electrical appliance.
